

ADELAIDE TOWH HALL FAÇADE RESTORATION

To Whom it may concern,

Duratec will be undertaking restoration works to the Adelaide Town Hall façade over the next 12 months.

This work will involve a scaffold being built on the Pirie St footpath from the 11th September 2023 until early 2024.

Scaffolding will then be built on King William St early in 2024 and will be erected for approximately 8 months.

All works will be completed using a traffic management company to manage the safe flow of traffic and pedestrians.

If you have any questions or concerns about the work please scan the below QR code for details.

Regards,

The Duratec delivery team.
